06/07/17

Dear Ofier ,

I'm writing to share our Israel Dairy School experience between 24/6 - 30/06/2017 .

Obviously i can tell you it was a very nice trip for us. You arranged everything very well really you did great job (Airport Transport, Accommodations, Sight seeing of Holly places, Dinner, Farm visits etc) during this training we found chance to meet different peoples from different countries.

You have very well knowhow staff they changed our view for Dairy Farming also taught us how we can stand against heat stress .

I would like to say behalf of me and our group thank you for everything. We're glad to be there and fully recommend everyone to join this training for changing their sight view for Dairy Farming.

Best regards,

Uluc Serakinci  
Director
