

Dairy Herd Management Seminar in Israel

June 23-27, 2019

We invite you to learn how Israeli cows produce 12,000 Kg of milk a year!

The Israeli dairy industry is the most productive in the world and at Dairy School you will see how this is accomplished. Through seminars with our expert consultants, farm visits, and hands-on experiences, you will learn about how the Israeli dairy industry use modern dairy farming systems to reach production rates of 12,000 Kg per cow in 305 days.

During the seminar you will learn and see the process from a small and simple dairy farm up to a modern large dairy farm.

While staying in Israel, you will also have the opportunity to experience the rich Israeli culture and ancient cities.

You will fly home with a certificate of completion and the experience of a lifetime

We are pleased to welcome you to the Israeli Dairy School

Main Seminar topics:

- An overview of recent developments in the Israeli dairy industry
- Modern management technologies in high producing dairy herds
- Nutrition management and feeding principles
- High-yield production under hot climate and heat stress conditions
